	Page
ÅBERG, EWERT: Sweden Adjusts Its Agriculture to War Conditions	3-14
Agricultural-	
economy of Thailand. W. I. Ladejinsky	165-184
machinery, wartime distribution of in the United Kingdom. Mary E. Long	326-328
relations with Mexico. Kathryn Wylie	365-373
resources of Mozambique. Bertha Merdian	343-358
Agriculture-	
adjustment, wartime, Sweden	5-10
Jamaica. Kathryn Wylie	121-146
Allspice, Jamaica	140
Alpaca hair	291
Argentina, yerba mate	313-319
Argentine-	
grain price-guaranteeing policy, the evolution of. Louis C. Nolan	185-203
decrees of November 14, 1941	201-203
grain board, first operations	187-194
price guaranty inauguration	186-187
recent developments	196-201
situation in 1938	195-196
grape and wine control program. Louis C. Nolan	396-408
activities of the Wine Regulating Board-	
elimination of wine-grape vineyards	401-402
emergency tax in kind on wine	404
establishment of compulsory dates for grape harvesting	404
loan program for withholding wine from market	403
other activities of the Wine Regulating Board	405
promotion of consumption through loans to cooperatives	404
purchase and diversion of 1935 and 1936 surplus grapes	400-401
purchase of wine-grape vineyards	402
wine purchase and diversion program	404-405
wine purchase program	403-404
creation of Wine Regulating Board	398
critical situation in 1934	397
criticisms of the Wine Regulating Board	406
finances of the Wine Regulating Board	405-406
improved situation of the industry	406-408
subsequent legislation	398-400
Asia, food situation in	147-164
Australian Wheat Stabilization. Maurice E. Wright	329-339
marketing pools	330-331
marketing system, 1934	331-333
problem, nature of	329-330
program, development of present-	
compulsory pooling	334-335
1938 assistance scheme	333-334
operation of the program	336-338
recent developments	335-336
Bananas, Jamaica	128-131
Barbasco, Peru	291

502166 O - 42

Bolivian progress toward expanded agricultural production. Louis C. Nolan . 387-395
Bolivia's agricultural deficiencies 392-394
Bolivian development corporation 387-389
decision to take agricultural census 389
establishment of agricultural bank 389-390
factors imposing land use limitations 395
other steps to encourage agriculture-
the rubber contract 392
possibilities offered by physical conditions 394-395
promotion of irrigation projects 390
reestablishment of Ministry of Agriculture 389
Brazil, yerba mate 313-319
Britain creates central planning authority. Montell Ogdon 359-364
development of planning policy 359-361
function of Ministry of Works and Planning 362-363
machinery and procedure-
interdepartmental committees 361
national and local planning 361-362
planning act of June 2, 1942 361
British county war agricultural committees. Mary E. Long 374-378
functioning of committees-
direction of production 375-376
distribution of machinery 376-377
some results of the work 377-378
British food administration. Montell Ogdon 209-226
consumer price control-
dealers, licensing 220
flexible price 220
imports 221
stages 220
literature cited 225-226
ministry of food-
decentralized rationing 212-213
functions 209-210
organization 210-212
rationing methods development-
air-raid supplies 222-223
differential for heavy worker 222
education and enforcement 224-225
points scheme 221-222
social aspects 223
supplies, acquisition and control-
agricultural production control 214-215
agricultural supplies control 215-216
commodity marketing-
milk control 216-218
oil and fats control 218-219
British Malaya, food situation 159-161, 164
Bulgaria, poultry improvement 379-383
Burma, food situation 162-163, 164
